

Media Event Code of Conduct Agreement

As registered media vehicles you have the right to observe the event and you are asked to respect the integrity of the Challenge and the spirit of fair play.

As an accredited media participant in the event, you agree to adhere to the Event's code of conduct and will be asked to sign this agreement before receiving your accreditation pass. You agree that you will:-

- 1. **Follow the instructions of all event officials** and the Northern Territory and South Australian police.
- 2. **Not assist, attempt to assist or interfere** with any entrant or their support vehicles.
- 3. **Not drive in a way that prevents safe passage** for all other vehicles on the road. Failure to do so may result in not only your removal from the event but in the case of 'Team Media' the elimination of the team you are covering from the event.
- 4. Park well off the road if you stop along the route to photograph vehicles;
- 5. **Be considerate when overtaking Solar Cars and do not hog the road**. Other media crews will also be wishing to obtain footage. Get your footage/photographs and move on in a reasonable time frame.
- 6. Not pull in directly behind a solar vehicle when overtaking, unless absolutely necessary. By doing so you will be restricting the view of the team's data vehicle and they do not appreciate it at all.

The 2015 Bridgestone World Solar Challenge Event Organisers may change these guidelines at any time at their discretion.
